Notice – This fax is intended only for the above named recipient and may contain confidential information. If it is misdirected, please notify the above sender.....

In accordance with our phone conversation/interview, please consider the following amendments for examiner's amendments.

12. (currently amended) A turntable for manual turning, said turntable being in the shape of a Reuleaux triangle and having a gerotor attached thereto, said gerotor having three substantially identical lobes, ~~[at least one of said turntable and]~~ said gerotor having a substantially planar bearing surface ~~[thereon]~~ on its underside ,

Cancel claims 13 and 14.

19. Turntable apparatus of claim 18 wherein ~~[at least one of said gerotor and]~~ said gerotor guide has a substantially planar bearing surface ~~[thereon]~~ on its underside.

I would be glad to discuss the amendments at your convenience.

Respectfully,

William L. Krayer
